Namaskar, My visit to Saraswati Vidya Niketan was very short. But within two years, this Vidya Niketan became a family as well as a temple for me. As soon as the classes of H.S. 1st year started, I began to develop attachment towards every single thing of this Vidya Niketan. I was heartbroken as I could not get the expected result in the H.S.L.C. Examination. All the teachers encouraged me to regain my confidence and as a result of their and my parents blessings that I could get success. The credit of my success goes to the teacher of this school. All of them are just as friendly as they are affectionate. In addition to our studies, they have always provided moral education. Apart from this they also were watchful of our problems, in the moment of disappointment they also helped us by providing us with continuous encouragement I could not do anything. I have studied far from my home but the Saraswati family has never made me feel away from my family. I not only got good teachers but got a few good friends as well. Altogether, this is my Saraswati family. At the end I would like to pay my obeisance to the teachers of the school, my parents and to the elders of this family and congratulate all my classmates.
